

Note:

1. The purpose of this R code is to convert the anti-inflammatory drug ATC codes to Slone drug codes using a conversion file
2. Only ATC codes regarding anti-inflammatory drug usage listed below will be converted to the corresponding Slone drug codes
3. Some ATC codes may not have corresponding Slone drug codes
4. Due to the differences in drug classification systems, there are selected ATC codes that have multiple corresponding Slone drug codes. In these situations, **only one** Slone drug code is assigned
